

1G Pluggable Optical Module Available Now

SFP transceiver that supports 1G connections up to 550 m using multi-mode fiber with a duplex LC UPC connector.

Access Google Drive with a Google account (for personal use) or Google Workspace account (for business use).

Move your data and store all of your files in one place with Google Drive. AI-powered storage in the cloud helps teams collaborate in real-time, making it faster to find files and insights,...

Click to get your 1GBE transceiver modules from nearby warehouses. 30-Day Free Return. Trusted by 260K+ Enterprise Users.

Google Drive, part of Google Workspace, lets you securely store, intelligently organise and collaborate on files and folders from anywhere, on any device.

Buy QSFPTEK 1G SFP (small form factor pluggable) with wide selection of 200+ brands compatible, 1000base-sx SFP, 1000base-lx SFP, 1000base-t SFP and 10/20/40/80km.

If you're new to using Google Drive, take a look at the following guide to find out how to create an account, upload and download documents, share your files, and get the most out of the...

With a data transmission speed of 1 Gbps, these modules are ideal for network deployments that require proven performance. SFP 1G modules are compatible with various Ethernet applications, offering ...

Launched on April 24, 2012, Google Drive allows users to store files in the cloud (on Google servers), synchronize files across devices, and share files. In addition to a web interface, Google Drive offers ...

Learn about Google Drive's file sharing platform that provides a personal, secure cloud storage option to share content with other users.

Google Drive lies at the center of Google Workspace (formerly G Suite), which enables users to create, edit, and share documents using Google Docs, Sheets, Slides, Forms, and others ...

Superxon 1G SFP transceiver is a high-performance, hot-pluggable module designed for 1G Ethernet applications. Compliant with the latest SFP MSA and IEEE802.3ae standards, this transceiver ...

1G Pluggable Optical Module Available Now

Juniper's portfolio of qualified 10G and 1G optical transceivers are low-cost multipurpose modules available in footprint-optimized form factors.

Built using the industry-standard SFP (Small Form-factor Pluggable) design, this module enables stable Gigabit Ethernet transmission over single-mode fiber at a wavelength of 1310nm, supporting ...

SFP to RJ45: Converts SFP optical ports to RJ45 ports, enabling seamless fiber-to-traditional Ethernet connectivity. RJ45 Copper: Supports links Cat5e/Cat6/Cat7 cables, up to 100m. ...

Cisco offers a comprehensive range of pluggable optical modules for the Cisco ONS family of multiservice platforms. The wide variety of modules gives you flexible and cost-effective ...
