

## 24-bit Passive Optical Switch

Pericom Semiconductor's PI5C16211 is a 24-bit bus switch designed with a low On-Resistance allowing inputs to be connected directly to outputs. This device operates as a 24-bit or a 12-bit bus switch, ...

Convenient PoE+ support. The EdgeSwitch features auto-sensing IEEE 802.3af/at and 24V passive PoE to power multiple devices on the network. Powerful ...

Since it uses passive devices, it doesn't require an extra power supply, leading to lower overall power consumption in the network. The transceiver module acts as a substitute for the OLT ...

The Wiistar 3&#215;1 switch handles analog audio conversion with a built-in 24-bit DSP and 96kHz/24-bit DAC, making it ideal for anyone managing multiple optical audio sources.

The item is an industrial hardened gigabit passive PoE switch allows you to connect the 24v passive PoE devices such as camera and access point with a non PoE LAN switch within the distance of ...

WS6024-2QF is a high performance full 10Gb\*24 access and 40/100Gb\*2 core uplink Layer 3 optical switch developed by WayOS with 24\*10Gb SFP+ ports and 2\*40/100G QSFP ports.

The item is an industrial hardened gigabit passive PoE switch allows you to ...

Optical Switches are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many optical switch manufacturers including Broadcom, Omron, onsemi, ...

Optical switch solutions, built on industry-leading fourth-generation VIAVI technology, come in multiple formats, including matrix switches, 1XN and 2XN for up to 176 ports. VIAVI also offers a range of ...

Optical switches are commonly used in optical add/drop applications that need to be reconfigurable. They are also used for network switching applications for fault protection.

Convenient PoE+ support. The EdgeSwitch features auto-sensing IEEE 802.3af/at and 24V passive PoE to power multiple devices on the network. Powerful enterprise switch models. The EdgeSwitch ...

This advanced switch features four TOSLINK SPDIF inputs, one optical output, one coaxial output, and one 3.5mm analog stereo output jack. It boasts a built-in DAC (Digital to Analog Audio Converter) ...
