

30-meter 10 Gigabit Multimode Fiber Optic Patch Cord

Terminated with durable ceramic ferrule LC connectors, this high bandwidth 10Gig multimode cable has Corning optical fiber glass for high speed, low loss, fibre network transmission. ...

Industry Standard Fiber Optic Cable can protect your network safety. High return loss, Low insertion loss, Low attenuation. High toughness and bending resistance, strong and durable without breaking. ...

These 50/125 fiber cables are optimized for 850nm light sources and gigabit or ten gigabit speeds. Cable: OFNR riser rated, Aqua jacket, OM3, 2mm or 3mm OD. Also available are LSZH, Plenum, ...

This cable provides backward compatibility with existing 50/125 equipment and the performance headroom required to support LED and VCSEL laser light sources, and 10 gigabit ethernet applications.

OM3 Laser-Optimized Multimode Fiber (LOMMF) "Aqua" cables are for use with 10 Gb Ethernet applications. These 50/125um LC/LC Fiber Optic cables provide nearly four times the bandwidth over ...

Terminated with durable ceramic ferrule LC connectors, this high ...

This LC to LC 30M patch cable is made of OM3 multimode fiber, rated for up to 10Gbps data transfer speeds, and can support duplex transmission. Quality PVC jacket and 2.0mm OFNR ensures reliable ...

Each cable is factory tested for insertion and return loss to ensure maximum performance and reliability. They are available in lengths from 0.3M up to 300M and in SC, ST, FC and LC configurations with ...

These high-quality OM3 LC LC Multimode fibers are manufactured to decrease modal dispersion/light loss to an absolute minimum, increasing their bandwidths capabilities and overall network efficiency.

This 30m Multimode Duplex Fiber Optic Patch Cable (50/125) - SC to SC is built with genuine Corning Glass, has ceramic ferrules and a 50/125 micron core, this cable is suitable for extremely high speed ...

Our Aqua jacketed 30 meter (~98 feet) 10 gigabit rated fiber optic cable is terminated with LC (Lucent Connector) connectors on both ends. It is an OM3 multimode fiber (50-micron core) designed to ...

30-meter 10 Gigabit Multimode Fiber Optic Patch Cord
