

30-meter multi-mode pigtail

Fiber Optic Pigtail assemblies are utilised in terminating fiber optic cables via fusion splicing. Iveonet (TM) offers a wide range of multimode pigtails, designed and manufactured for demanding network ...

Techlogiks Multi Mode fiber pigtails are available in a variety of cable colors to complement any network, custom configurations and performances. Full choice of available connector types like ...

CommScope engineers and manufactures a complete line of high quality fiber pigtails

Our OM1 multimode fiber optic pigtail kits provide a reliable splicing solution for 62.5/125-micron fiber networks. Available in 6-strand and 12-strand configurations, these kits come with LC, SC, or ST ...

FS offers single mode & multimode fiber pigtails with tight buffer design for easy fusion or mechanical splicing. Quality assurance by 100% end-face, IL & RL testing.

The short, unbuffered construction of multimode pigtail jumpers makes them the perfect choice for short-distance connections that require more flexibility than the average fiber optic installation.

Schnell multimode fiber pigtails provide reliable, low-loss terminations for short to medium-range data transmission. Available in LC/PC and SC/PC types with OM1, OM2, OM3, and OM4 fiber types. ...

Our fiber optic pigtail offers a flexible solution for your data centers and telecom rooms, connecting existing equipment to spliced fiber optic lines for network expansion.

We carry Fiber Optic fusion splicers, cleavers, OTDRs, cables, panels, laser sources, power meters, and many other Fiber Optic products for any project.

Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails offer low insertion loss and custom length options. Economy pigtails offer over a compelling ...
