

4-core outdoor multimode gigabit optical cable

Experience seamless, rapid installations with our versatile indoor/outdoor ribbon fiber cable. Ideal for high-density data centers, colocation facilities and vertical backbones.

For outdoor and indoor use in structured (data) wiring systems such as industrial backbone, campus backbone, building backbone (riser) and /or horizontal cabling.

Pre-terminated indoor/outdoor fiber cable assembly is designed to support today's data needs while meeting tomorrow's ever-advancing network requirements. It's ideal for connecting the networks of ...

Featuring 4 multimode fibers with 50/125 μ m core size and a durable GYXTW-4A1a center bundle tube construction, this armored cable offers excellent protection against environmental hazards while ...

A 4-core multimode fiber optic cable is a popular choice for high-speed data transmission in enterprise networks, data centers, and campus infrastructures. These cables support multiple light modes and ...

Multi-Mode cable commonly has a diameter in the 50-to-100 micron range (typical multimode fiber core diameters are 50 or 62.5 micrometers). Multimode fiber gives you high bandwidth at high speeds (10 ...

This indoor/outdoor armored cable has a water blocking aramid yarn strength member surrounding the fiber optic strands and a UV resistant outer jacket making it a very versatile and perfect choice for a ...

Suitable for Various Harsh Installation Environments such as roads & snowfields & ...

Suitable for Various Harsh Installation Environments such as roads & snowfields & industrial fields & construction sites. Ideal for both indoor and outdoor applications. Can be installed overhead, buried ...

These are the outdoor fiber optic cables you see strung along telephone poles (aerial), installed inside an underground duct, or even buried directly below ground.

It contains 4 individual fibers (single-mode or multi-mode), protected inside a gel-filled loose tube for water blocking. Yes, dual steel wire members give the GYXTW design high tensile resistance and ...
