

4-port gigabit industrial-grade switch

Featuring four auto-sensing 10/100/1000 Mbps RJ45 Gigabit Ethernet ports, this unmanaged switch offers plenty of performance for the devices in your network. The switch features a power budget of ...

Suitable for buildings where security is strictly enforced, the IGS-504HPT, with four Gigabit Ethernet 802.3at PoE+, in-line power interfaces, can easily build a power that can centrally control an IP ...

Built for space-constrained locations and machine integrations, these compact and secure switches offer full GE ports, flexible port configurations, high-wattage PoE options, and resiliency protocols.

The industrial Fiber Switch can easily expand your network in a number of ways ...

Ordering SECA-GIGPOE4-1: 4 Port Gigabit Unmanaged Switch Downloads/Support Spec She.

Featuring a 10Gbps uplink, the IGS-1000-4UP2X is suitable for connecting to an industrial backbone or high-capacity servers. Operating flawlessly across an ...

The industrial Fiber Switch can easily expand your network in a number of ways and be used in the field of security surveillance. Simply connect it to a WiFi device, such as a router or range extender, and ...

Featuring a 10Gbps uplink, the IGS-1000-4UP2X is suitable for connecting to an industrial backbone or high-capacity servers. Operating flawlessly across an extensive temperature range, it guarantees a ...

With an industrial-grade design, our PoE switches provide surge protection of 4 kV per LAN port. Additionally, Smart PoE management features simplify PoE network deployment and maintenance.

Designed with industrial automation and surveillance applications in mind, this industrial PoE Ethernet switch delivers both power and high-speed data through a single cable, simplifying deployment and ...

AXIS T8504-R Industrial PoE Switch is a 4-port managed industrial PoE Gigabit switch. In addition, the switch is equipped with two RJ45 and two SFP data ports that allows for extra devices to be connected.

Expand your Gigabit Ethernet network into harsh environments, such as mines and construction sites, with this 4-port Lite Managed switch with SFP slots.
