

Belgian Imported Adjustable Attenuator Anti-Signaling Wholesale

Over 400 attenuator models for 50-Ohm & 75-Ohm system including fixed, high-power, digital step / programmable, voltage variable and more! Stocked for shipping.

Since it is passive, it has no inherent gain because it has no active components (tubes or transistors) in the signal path. Without colouration, noise or distortion, but has unrivalled transparency enabling you ...

We offer a robust portfolio of in-stock, adjustable RF attenuators and phase shifters for multiple applications, including test instrumentation, cellular communication, wireless communications, ...

Weinschel Associates is a leading manufacturer of Broadband and RF products, including fixed and variable attenuators, power dividers and splitters, terminations, DC blocks, RF adapters and a range ...

We manufacture a wide range of high-quality Inmet and Weinschel 50-ohm coaxial attenuators, precision attenuators, and high-power attenuators. These high-performance fixed attenuators support ...

SPINNER is offering attenuators with 4.3-10, 7-16 and N interfaces for frequency ranges up to 12.4 GHz and power ratings starting from 5 W up to 1 kW. We also offer our attenuators as low PIM versions ...

RF Lambda's digital control step attenuators are used to fine tune an RF signal using TTL control lines. Fast response time, various step sizes and overall attenuation ranges make these suitable for a ...

Shop DigiKey's large in-stock selection of Attenuators. View inventory, pricing and order now for same day shipping!

Rotary, Variable, & Switch attenuators to 40Ghz. 2.4mm 50ghz attenuators. Please click on the drop down menu above to see our exact offerings of coaxial microwave & rf attenuators.

Variable Attenuators from the leading manufacturers are listed on everything RF. Use the filters to narrow down on products based on Attenuation Range, Frequency, Insertion Loss, and Power, and ...
