

# Bolivia ABS box-type PLC optical splitter

The high performance 1xN or 2xN, single mode, passive powersplitter based on PLC technology. The device uniformly splits the optical signals present at the input ports to multiple output ports.

Features low insertion loss with dependable optical performance, enhancing link quality and ensuring stable network operation. Provides good uniformity across split channels and low PDL, ensuring ...

It provides the complete protection for inner optical components and cable, as well ...

The ABS Box PLC Splitter, with its compact structure and tiny volume, is very ...

ABS Box PLC Splitters is most commonly used in the PON networks. It provides the complete protection for inner optical components and cable, as well as designed for the convenient and reliable ...

It is based on the planar waveguide technology, where a lightwave circuit is created on a small chip that splits the incoming optical signal into two or more output signals with precise and equal power ...

Planar Lightwave Circuit (PLC) ABS Box Type Splitter with SC/APC termination. Fabricated using silica optical waveguide technology to distribute optical signals accurately and evenly with minimal loss ...

It features small size, high reliability, wide operating wavelength range and good channel-to-channel uniformity, and is widely used in PON networks to realize optical signal power splitting.

PLC Splitter Modules are available in the form of an ABS box with fiber jackets of 2mm and up to 3mm, or LGX metal box for plug and play splitter applications. Customized designs are also available for ...

They provide complete protection for inner optical components and cable, and are designed for convenient and reliable installations. With high volume usage, the PLC splitters are mainly used for ...

It provides the complete protection for inner optical components and cable, as well as designed for the convenient and reliable installation, but its volume is relatively large. It's mainly used for various ...

Splitter Box Optical Fiber Optic ... Splitter SC APC UPC Connector ABS Box Type Fiber Plc Splitter \$3.30 Free shipping Splitter Box Optical Fiber Optic Splitter SC APC UPC ... Connector ABS Box Type Fiber Plc Splitter

The ABS Box PLC Splitter, with its compact structure and tiny volume, is very easy to use and can be deployed in a variety of locations, including 19-inch racks, cross-connect cabinets, and other devices.
