

Bulgarian Customs Broker Linear Drive Pluggable Optical 800G

The Cisco ® OSFP 800G transceiver modules provide 800 Gigabit Ethernet (GE), 2x 400GE, 4x 200GE, and 8x 100GE connectivity options, ...

Our in-house licensed brokers ensure that goods are correctly classified for proper duty payments. Our import specialists provide customers with complete Bulgarian customs clearance for air, ocean and ...

High-Speed Interconnects: Backend network requires high speed 100G/200G or 800G optics to connect servers and network switches. These high bandwidth connections are essential for handling the data ...

Designed for AI/ML applications, this advanced 800G DR8 OSFP finned top LPO module enables high-speed data transmission with ultra-low power consumption, reduced latency, and ...

The 800G and 1.6T optical transceiver market represents a rare convergence of technological disruption, supply chain re-engineering, and ...

Generic Compatible 800GBASE-DR8 (2x400G DR4) OSFP Linear-drive Pluggable Optics (LPO) transceiver module supports a max data rate of 850Gbps. It enables the fiber link of 500m over ...

Bulgarian regulations follow the EU list of dual-use goods, which includes goods and technologies in the nuclear weapon, chemical and biological ...

NADDOD Arista compatible 800G QSFP-DD 2xDR4 LPO optical transceiver features a linear-drive architecture with no traditional DSP chip, delivering low power consumption of less than 8W and ultra ...

Current trend: 800G Pluggables supporting dense 400 GbE Both 400G & 800G form factor enables an economical way to implement breakout to lower speed Ethernet interfaces.

The certificate of origin is digitized, meets the requirements of Bulgarian exporting companies, and supports smooth and efficient international trade, providing proof of the origin of the goods.
