

Bulgarian Dual-Core Temperature Measuring Optical Cable Manufacturer

Titopic Ltd is a private limited liability company established in 2020 in the city of Sofia, Bulgaria. We are specialized at manufacturing of precision optical components for optomechanic, optoelectronic ...

AP Sensing's fiber optic sensor cables enable real-time, precise monitoring of temperature, strain & acoustics in harsh environments with minimal maintenance.

Solexperts performs high precision temperature corrected fibre optic strain measurements and offers a complete service including: Installation on site (e.g. integrated into concrete structures, bonded to ...

Solexperts performs high precision temperature corrected fibre optic strain measurements and offers a complete service including: Installation on site (e.g. ...

Established in 1999, Tilcom Ltd. is a proven supplier of cables, cable accessories, electrical equipment, optical cables and accessories and many other products on the Bulgarian market.

The measurement device is set up in a remote electrical or operation room. Multi-fiber transmission cables, hosting up to 24 fibers each, guide the optical signals from the sensors to the interrogator. ...

Recognized as a leading developer and manufacturer of fiber optic temperature sensing and partial discharge monitoring products, providing solutions for a ...

By year's end Cable Com has gained acceptance as a leading supplier and cable installer to the Bulgarian state officials, petrochemical and energy markets.

Cimler Ltd. is a Bulgarian manufacturer of high-quality optical cables, established in 2018. Our production plant began operating in early 2025, focusing on reliability, top-grade raw ...

Recognized as a leading developer and manufacturer of fiber optic temperature sensing and partial discharge monitoring products, providing solutions for a multitude of industrial applications.

The new laboratory will test and control the mechanical and optical parameters of the manufactured fibre-optic cables. This will involve checking how watertight and resistant to extreme ...

Cable Systems Technology (CST) is established in the year of 2011 from partners with successful experience in the production of cable harnesses and cable solutions, as well as and in the sales and ...
