

Campus-level PoE Switch

HPE Networking Comware 5120v3 Campus Switch Series offers cost-effective high-performance Gigabit Ethernet connectivity tailored for small organizations with limited IT personnel. PoE+ ports ...

Enterprise-grade 48-port, Layer 3 Etherlighting(TM) PoE+++ switch with Stacking support and high-capacity 10 GbE RJ45 and 25G SFP28 connections for high availability system design.

Campus Series Switches are designed for enterprises, campuses, and ISPs. Supporting 25G and 100G speed with a PoE budget of up to 1,534W. They feature physical stacking, and advanced Layer 3 ...

Layer 3 PoE+ access switch for enterprise campus, CCTV, Wi-Fi AP and IoT network deployment.

Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across industries such as enterprises, ...

Zte campus ethernet switche, with rich interfaces, plug and play, high-speed access, and self-healing protection mechanism, are widely used in telecommunications, transportation, campus, hospital, ...

Explore campus PoE switches designed for smart, scalable, secure network infrastructure with high-performance connectivity, PoE flexibility.

Boosting GbE performance to the next level through Marvell AC5X switch chipset (with up to 220 Gbps non-blocking switching capacity) and optional Intel Atom x86 CPU (4C / 8C) processors

Seamlessly scale access switching with resilient stacking for simplified management. Delivers max power and speed for advanced UniFi devices - all through one cable. 10 Gb PoE ports unlock ...
