

Composite electrified optical cable manufacturer

Tiankang Group's Optical-Electrical Composite Cable integrates optical fibers and power conductors in a single cable, enabling simultaneous data and power delivery.

Custom manufacturer of communication cables including CAT 3, CAT 5e, CAT 6, and CAT 6a plenum, coaxial RG59 and RG6, and composite cables. Available in prototype, short, and high volume ...

This product is an optical/metal composite cable (power line for electric supply) to be used for both interior and exterior device wiring. Integration of optical and metallic ...

We specialize in designing and manufacturing fiber optic connectors, fiber optic cable assemblies, and custom fiber optic products for use in harsh environments.

Find your composite optical cable easily amongst the 16 products from the leading brands (CORNING, LAPP, Cavicel, ...) on DirectIndustry, the industry specialist for your professional purchases.

Since 1987, Epsilon Composite is a pioneer and world leader in high performance composite materials thanks to the pultrusion process.

Draco Electronics is a custom cable assembly specialist, providing turnkey solutions to demanding users in aerospace, consumer electronics, commercial electrical device, medical, automotive, military and ...

Our Power+(TM) composite fiber cable delivers remote power and network connectivity beyond 100 meters for PTZ cameras, DAS, and PON applications.

This product is an optical/metal composite cable (power line for electric supply) to be used for both interior and exterior device wiring. Integration of optical and metallic (electric power) lines improves ...

Lake Cable manufactures reliable, highly engineered solutions to your applications" exact specifications and requirements, including Industrial, Utility, Custom OEM and Broadcast quality ...
