

Convenient Industrial Switches

Industrial switches are available with a protection class of either IP67 for mounting directly in the field or on the machine, or IP20 for installation in the control cabinet.

These industrial switches are built to handle high-capacity operations and frequent use, making them ideal for factories, warehouses, and other heavy-duty applications.

Whether you're upgrading your facility's electrical infrastructure or ensuring the highest standards of safety and efficiency, our top-quality switches provide reliable performance and ease of use. Explore ...
