

Cuban ribbon flat optical cable factory

Flat ribbon cable assemblies for compact electronic applications. Custom solutions with flexible design and reliable performance.

Our ribbon cables are available in various pitches, conductor counts and insulation types, including shielded/screened and unshielded/unscreened options, ensuring compatibility with a wide range of ...

Designed to meet the demands of today's data-intensive world, these cables are comprised of multiple optical fibers bundles in a flat ribbon format that is high density, lightweight, and durable.

This makes Rollable Ribbon fiber cables an ideal choice for indoor and outdoor use, connecting data centers, or serving as the distribution for dense FTTx and mobility networks.

Our flat ribbon solutions are available in multiple gauges, conductor counts, and termination options. They are built with rounded-edge construction for exceptional durability and flexibility, reducing the ...

Mouser offers inventory, pricing, & datasheets for Flat Ribbon Ribbon Cables / IDC Cables.

The optical fibers are arranged into ribbon units in a flat array of color-coded fibers. The cable features water-blocking gel and water-swellable tape, making it ideal for demanding high-bandwidth ...

Temp-Flex High-Performance Flat Ribbon Cable was designed specifically for the harsh environments in which PVC and TPE cables often fail. At the same time, this ribbonized cable enables IDT/IDC ...
