

Weidmüller managed switches with IEEE 1588 PTP are particularly suited for motion control applications where distributed clocks must be synchronised with high levels of accuracy.

A file with the setting parameters can be created, saved and loaded into any model EGS80 limit switch. If several instruments must be parameterised identically, the time required is significantly reduced.

IP20-rated Managed Industrial Ethernet Switches are robust and versatile, providing fast and easy diagnostic capability and enabling a high degree of control over network adaptations, configurations ...

Explore the International Standards, legal, statutory and regulatory documents. Search for any documentation you need from Danfoss. Data sheet, marketing material, case studies, certificates, 3D ...

With 100% in-line inspection, tight tolerance on all parts and use of only quality materials we position ourselves to reach the highest achievable level within high performance tactile switches.

Application and product specialists who have experience operating with parameters and basic knowledge of AC drives.

Klinger S22 is an universal paddle switch that can be used in pipe dimensions from DN32 up to DN150. The alarm point for the current switch is a combination of the design of the paddle and the location of ...

Located in a suburb of Copenhagen, Denmark, MEC has earned a reputation as one of the leading European manufacturers of high performance tactile switches. A wealth of know-how has been built ...

No longer just a network accessory, the industrial Ethernet switch has evolved from its origins as a simple factory data acquisition device. Today, these switches serve a continually broadening ...

With their strong build, the whole family of DIS industrial switches are certified against vibration, shock and free-fall. We're so confident in the quality of their hardened build that they come with our D-Link ...

The core value of industrial switches lies in their three key technical characteristics--environmental adaptability, reliability, and scalability--which directly determine their ...

Here you will find the range of our industrial Ethernet switches. Have we not the switch that fits your job please contact our sales team. In contrast to the general category, you will find here Ethernet ...

Denmark Industrial Switch Model Parameters

A spec-by-spec guide to choosing industrial ethernet switches that survive harsh environments. For OEM engineers and system integrators specifying food, pharma, and factory automation networks.

Mouser stocks many different types of switches including Basic/Snap Action, Limit Switches, Coaxial, DIP, Pushbutton, Rocker, Rotary, Slide, Tactile & Toggle switches including illuminated switches. ...
