

Four-in-one light source and power meter

1pc 3 in 1 Function Fiber Optic Tester Portable Optical Power Meter (FC/SC/ST) & VFL-10 Visual Fault Locator & LED Lighting, OPM & VFL Fiber Optic Tester, Range: (-70) dBm ~ (+10) dBm

Don't miss the chance to match your power meter with a new optical light source. Designed with accuracy and power in mind, let the perfect light source enhance your testing capabilities.

FiberMASTER Multimode/single-mode power meter and quad light ...

FiberMASTER Multimode/single-mode power meter and quad light source kit, with Inspection port, VFL

MultiFiber Pro Optical Power Meter and Source is 90 percent faster than single fiber cable certification because it measures power loss and validates polarity on 12 fibers in a single connector -- reducing ...

FS offers a range of fiber optic power meter, choose from a variety of cost-effective optical power meters. Money Back Guarantee.

The Jonard Tools Fiber Optic Power Meter with Data Storage is the perfect power meter for measuring and recording both the absolute optical power and relative power loss in fiber optic cables.

Contractor Series Light Sources and Power Meters are rugged test instruments designed with a simple user interface and backed by an industry-leading 5-year warranty.

The combination power meter/light source/visual fault locator allows you to test ...

The Eclipse MT-7615 4-in-1 Fiber Optical Power Multimeter is a power meter, visual fault locator, LAN cable tester, and LED flashlight all in one tool. The visual fault locator provides a stable laser light ...

The combination power meter/light source/visual fault locator allows you to test fiber optic cables for breaks, insertion loss and optical power loss up to 20KM.

Our benchtop optical power and energy meters are plug and play compatible with our wide range of calibrated optical sensors for the highly accurate and repeatable optical measurements required in ...

Four-in-one light source and power meter
