

# How to acquire an optical module company

Built on decades of photonics innovation, Lumentum delivers high-performance lasers, modules, and optical subsystems that enable scalable, energy-efficient data center connectivity, advanced telecom ...

Nokia has announced a \$2.3 billion deal to acquire Infinera, a San Jose, Calif.-based firm specializing in optical networking and optical semiconductors, in the hope of increasing its North ...

The acquisition of DustPhotonics directly accelerates Credo's optical interconnect roadmap and significantly expands its served addressable market in the global optical industry. DustPhotonics has ...

Infinera has also recently been developing high-speed and low-power optical components for use in intra-data-center (ICE-D) applications, which are particularly suited to AI workloads which ...

Teledyne Technologies Incorporated makes four acquisitions - Adimec Advanced Image Systems B.V., manufacturer of industrial cameras and lens assemblies for machine vision, medical imaging, and ...

The acquisition strengthens Marvell's optical technology portfolio by adding advanced modulation capabilities that enable continued scaling in bandwidth, power efficiency, and integration ...

Credo Agrees to Acquire DustPhotonics, Accelerating Expansion into Silicon Photonics and Next Generation Optical Connectivity Strategic Rationale The acquisition of DustPhotonics ...

Built on decades of photonics innovation, Lumentum delivers high-performance lasers, modules, and optical subsystems that enable scalable, energy-efficient data center connectivity, ...

? SAN JOSE, CA, March 16, 2026 -- POET Technologies Inc. (&quot; POET &quot; or the &quot; Company &quot;) (NASDAQ: POET), a leader in the design and implementation of highly-integrated optical engines and light ...

Lumentum intends to finance the transaction through cash from the combined company's balance sheet. Related to the transaction, Lumentum will provide up to \$50 million in term loans to...
