

Irish manufacturer s low-power optical module 2 5G

155M-2.5G CSFP BiDi GIGALIGHT's CSFP series optical transceiver modules include two single-fiber bidirectional channels, each supporting data rates from 155Mbps to 2.5Gbps.

This SFP transceiver module provides 2km transmission distance ...

Key2 Optics has 2.5G SFP series full-range white light module, CWDM/DWDM module, single-fiber bidirectional module; with low power consumption, industrial grade work temperature, high reliability ...

As an industry-leading ICT infrastructure and industry solution provider, Ruijie offers customers a wide variety of high-density and low-power 2.5G optical modules.

Unlock the power of Multi-Gigabit speeds with Wolontek's 2.5G SFP Modules. Designed as the perfect upgrade path for modern networking, these transceivers allow you to boost bandwidth from 1G to ...

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors worldwide.

FS 2.5G SFP solution with low power consumption provides an ideal connection option for 2.5G Ethernet over Cat5e cable, switch to switch interface, and AP/Router interface.

SFP 2.5G optical module professional manufacturer, welcome to visit our website for more optical module products.

This SFP transceiver module provides 80km transmission distance over single mode fiber at a nominal wavelength of 1550nm. The transmitter section incorporates a 1550nm DFB laser that is a class 1 ...

This SFP transceiver module provides 2km transmission distance over single mode fiber at a nominal wavelength of 1310nm. The transmitter section incorporates a 1310nm DFB laser that is a class 1 ...

Lightrend Tech Limited, founded in 2020 and located in Wuhan, Optics Valley of China, Lightrend is a manufacturer that specializes in the Reserch, design, production and sales of optical transceiver ...
