

Madagascar Delivery Time Single Fiber Bidirectional QSFP

To meet the demand for long-distance transmission in scenarios where optical fiber resources are scarce in edge access networks, Walsun has launched the 100G QSFP28 ZR4 BIDI ...

The QSFP28 transceiver provides 100GBase-BX throughput up to 20km over single-mode fiber (SMF) using a wavelength of 1310nmTx/1280nmRx via an LC connector. This bidirectional unit must be ...

Whether it's building a network or upgrading an existing network, the Cisco® QSFP-100G-B20U4-I and QSFP-100G-B20D4-I transceivers provide 100G connectivity for platforms at up to 20km on single ...

Over standard OS2 single-mode fiber, the BIDI-100G-QSFP28-80B reaches distances up to 80 kilometers. Actual reach depends on the optical budget available after accounting for connector ...

The QSFP28 transceiver provides 100GBase-BX throughput up to 20km over ...

To meet the demand for long-distance transmission in scenarios ...

This product is an improved version of the dual-fiber 100G QSFP28 ZR4 transceiver that uses two fibers, and it achieves bi-directional data transmission in both the upstream and ...

This bidirectional unit must be used with another transceiver or network appliance of complimenting wavelengths. Digital diagnostics functions are also available via the I2C interface, as specified by the ...

Our QSFP28 Bidirectional (Bidi) transceivers delivers high-speed 100G connectivity over a single strand of fiber, with reach options up to 70km and support for both standard and industrial ...

DWDM.ME's QSFP28 100G-LR1 BIDI optical transceiver features a simplex LC connector, enabling communications up to 10/20/40 km over single-mode G.652 fibre. The ...

NEC's 100G QSFP28 BiDi optical transceiver enables the transmission and reception of 100Gb/s high-speed data over a single optical fiber. By enabling bidirectional transmission over a single fiber, this ...

The Cisco QSFP-100G-FR-S Module supports link lengths of up to 2 km over a standard pair of G.652 Single-Mode Fiber (SMF) with duplex LC connectors. The 100 Gigabit Ethernet signal is carried over ...
