

Manufacturer of optical fiber fault location instruments for cold aisle fixing

Our unique Cold Clamp locates fiber optic cable breaks & faults to a physical accuracy of better than 1 meter over long distance. It causes a temporary optical loss marker at a location near the fault, ...

You can diagnose and repair simple fiber link problems with Fluke Networks' VisiFault™ Visual Fault Locator (VFL). The laser-powered VisiFault Visual Fault Locator is a cable continuity tester that ...

Discover 70 Fiber Optic Fault Locators manufacturers and distributors on GlobalSpec. Find products, technical articles, videos, and more.

Manufacturing fiber optic test equipment has for years been a unique function at FIS. We provide a source for USA-manufactured Optical Time Domain Reflectometers (OTDRs), optical power meters, ...

VIAVI visual fault locators pinpoint the exact location of fiber damage. Find bends and breaks and perform an end-to-end continuity check. Compact and ergonomic.

Our inventory includes advanced optical loss test sets, power meters, light sources, and VFLs, equipping technicians with the tools needed for meticulous loss testing and efficient fault location, ...

Find your fiber optic fault locator easily amongst the 10 products from the leading brands (EXFO, FLUKE, PROMAX ELECTRONICA, ...) on DirectIndustry, the industry specialist for your professional ...

Pocket-sized and performance packed, AFL optical time domain reflectometers (OTDRs) and fault locators certify new fiber installations and locate faults in deployed fiber optic networks. Easy ...

Pocket-sized and performance packed, AFL optical time domain reflectometers (OTDRs) and fault locators certify new fiber installations and locate faults in ...

Ripley professional grade Fiber Optic Cable Fault Locators & Fiber Identifiers feature identifiers, trace and tone tests and visual fault locators.
