

Offshore Price 400G Active Optical Cable

This advanced active optical cable delivers exceptional signal quality and stability, making it ideal for data centers and high-performance computing environments.

Built with bonded multi-mode or single-mode fiber, these cables deliver secure, low-latency connections between switches, servers, and storage systems in modern data centers.

This active optical cable is compliant with IEEE 802.3cd, OIF-CEI-04.0, QSFP-DD MSA, and QSFP-DD-CMIS-rev4p0. Thin and lightweight AOC cables simplify cable management, enabling an efficient ...

The 400G QSFP56-DD to 8x 50G SFP56 Breakout Active Optical Cable offers IT professionals a cost-effective interconnect solution for merging 400G QSFP56 DD and 53G SFP56 enabled host ...

Call, chat, email or meet for Active Optical Cable (AOC) connectivity support. Save up to 90% while improving deliverability & interoperability.

NADDOD offers a comprehensive range of best-in-class 400G Ethernet breakout AOC (Active Optical Cable) solutions.

This product is well suited for 400G Ethernet (8x50 Gbps) or 200G Ethernet (8x25 Gbps)

Supporting QSFP-DD and OSFP interfaces, our 400G AOCs provide a cost-effective alternative to transceivers for in-rack and row connections. From 1.6T/800G down to legacy links, our optics are ...

This active optical cable is compliant with IEEE 802.3cd, OIF-CEI-04.0, QSFP-DD ...

This advanced active optical cable delivers exceptional signal quality and stability, making it ideal for data centers and high-performance computing ...

400G AOC Cables from JTOPTICS are Active Optical Cables that offer lightweight, flexible, and low-power connectivity. Designed for high-performance computing and networking environments, they ...

The solution consists of two QSFP-DD transceivers connected via an OM4 MultiMode optical cable of different lengths for 400Gbps Ethernet interconnects. The electrical interface of the module is ...
