

# Optical Switch 24

24 mm Optical Switches, Transmissive, Phototransistor Output are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for 24 mm Optical Switches, Transmissive, ...

Designed for durability and precision, our optical switches support single-mode and multimode fiber types with low insertion loss, high return loss, and reliable repeatability. With support for various ...

The MPO-24 optical fiber switch allows users to verify some or all fibers in a multi-fiber connector in a single test, saving both time and money by automating the scanning process without the need to ...

The GAOTek 24-Port Gigabit Optical Fiber Switch features 24 SFP ports, 92 Gbps switching capacity, 480 Gbps stack bandwidth, and supports up to 2000 wireless clients, making it ideal for high ...

Faster replacement and priority support, covered for 5 years. A 24-port, Layer 2 switch with a silent, fanless cooling system.

Polatis Switch 24x24 LCAPC Fr Bulkhead Polatis fully non-blocking singlemode 24x24 optical switch. LCAPC connectors on front. Ethernet control on back.

The rack-mounted optical switch consists of 24 1X2 optical switches, enabling control over the switching of 24 1X2 optical fiber channels. The device is equipped with an Ethernet RJ45 and TYPE-C ...

The OptiSwitch-F2026 workgroup switch brings performance enhancing solutions to organizations wiring closets, providing a simple, cost-effective method for segmenting networks and complements the ...

MEMS 1X24 Optical Switches (single mode,multimode,850/1310/1550nm) is Base on MEMS technology,one input and 24 output fibers optical path control device.
