

# Outdoor Single-Mode Stranded Optical Cable

The flexible craft-friendly buffer tubes are easy to route in closures, and the SZ-stranded, loose tube design isolates fibers from installation and environmental rigors while allowing easy mid-span access.

Corning Cable Systems FREEDM<sup>®</sup> One Cables are flame -retardant, UV-resistant, indoor/outdoor cables designed for aerial, duct and direct-buried applications with no need for a transition splice ...

Fiber Optic Cable, Tight Buffer, Single-Mode, 12 Strand, TeraFlex<sup>®</sup>; Reduced water peak, 900 Micron, OFNR, Riser, Indoor/Outdoor, Water-Block/Sunlight Resistant ...

Primus Cable 12-strand OSP dry loose-tube armored all-dielectric OS2 single ...

The core and cladding of our black bulk indoor/outdoor fiber optic cable is constructed using a high quality singlemode fiber that is ITU-T G.652.D compliant and backwards compatible with other ...

Primus Cable 12-strand OSP dry loose-tube armored all-dielectric OS2 single-mode fiber cable for outdoor backbone, FTTH, and rugged long-distance installations.

This is a black 500 foot spool of indoor/outdoor rated fiber optic distribution cable intended for long distance runs at high speeds. It is composed of 48 singlemode fibers (9 micron core) inside a water ...

This Singlemode OS2 fiber optic cable is designed to handle long-distance, high-traffic environments such as large universities, industrial parks, and enterprise-level networks. This cable simplifies ...

The construction features the use of dry water blocking elements and reduced diameter buffer tubes, yielding a light weight, smaller cable. The result is a fiber optic cable that is an ideal transmission ...

250FT Outdoor Singlemode 6 STRAND (6 SC simplex connections) Fiber Optic Cable (9/125) - SC to SC.

CommScope designs and manufactures a comprehensive line of fiber optic cables--from outside plant to indoor/outdoor and fire-rated indoor fiber cables.
