

Overseas Warehouse Fiber Ethernet Switch 10G

Expand your network's bandwidth and reduce traffic bottlenecks with this 10Gb switch with SFP+ ports. Easily add 10G link capability and ultra-fast, long distance fiber support to your network.

Each 10 gig SFP switch has 4x1G/10G SFP/SFP+ ports, ideal for efficient fiber aggregation and high-density fiber connectivity solutions. These 10 Gbps switches also come with 10/100/1000Mbps ...

Narrow Ethernet switch, five RJ45 ports with 10/100 Mbps on all ports, automatic data transmission speed detection, autocrossing function, and QoS

Managed and unmanaged Layer 2 and Layer 3 fiber optic Ethernet switches. With 10G SFP+ fiber optic transceiver modules, they meet your highest bandwidth demand.

Check 1/10 gigabit switches for SMBs, enterprise and campus networks. Their flexible bandwidth and ports make them ideal for upgrading your network capacity.

On top of the plug-n-play 10-Gigabit Ethernet connectivity, it also offers some fundamental network features that will help optimize the performance of business networks such as VLAN, QoS, IGMP ...

To meet the needs of critical infrastructure networks, Actelis provides hardened and managed 10 Gigabit Ethernet switches with optional PoE.

Explore a range of switches optimized for exceptional speed, reliability, and scalability, meeting the demands of robust enterprise networking.

Explore FS 10Gb Switches, designed to meet campus network access/aggregation needs, featuring comprehensive protocols, scalability & reliable redundancy.

Featuring a high port density of 10 Gigabit Ethernet interfaces, the switch enables VLAN-based quality of service (QoS) and advanced security. Delivering high-performance Ethernet services with seamless ...
