

Single-mode single-fiber optical module 100Mbps

Industrial 100Mbps SFP modules for reliable fiber connectivity. Available in multi-mode and single-mode options for switches, media converters, and industrial Ethernet devices.

TESTED FOR COMPATIBILITY: Hot-swappable in MSA Compliant routers and switches; DDM support reports the transceiver's status to most SNMP network management tools.

With a single wavelength of light, the single mode fiber optic can carry data and transmit audio/video applications over miles of distance. With 100Base-LX technology, enjoy up to 100Mbps data transfer ...

Lantronix's Simplex SFP Transceiver modules offer an efficient, single-fiber approach to fiber connectivity, enabling bidirectional data transmission over one strand where cabling resources are ...

The SFP-FLCS220 is an MSA Compliant Small Form-Factor Pluggable (SFP) module that allows for an electrical interface when using a managed switch, unmanaged switch or media converter.

These auto-negotiating devices accept a 10/100 Mbps electrical input and convert this to a 100 Mbps optical output. This series of media converters use multimode and single-mode optical fiber and one ...

The SFP transceiver module supports a maximum distance of up to 10 km (6.2 mi) and delivers dependable 100 Mb Ethernet connectivity over fiber cabling. This SFP fiber module is hot-swappable, ...

Planet Technology USA's MFB-TF20 is an Extended Temperature 100Mbps Fast Ethernet SFP Fiber Transceiver (-40 to 75°C) that utilizes a wavelength of (1310nm) FP LD which enables a data ...

MCSEAAF1LFS00 - fiber optic adaptor, Modicon Networking, SFP module, for Ethernet switch, 100 BASE-SX, single mode.

A 100M fiber optic transceiver is a hot-pluggable network component that converts electrical signals into optical signals and vice versa, enabling data transmission over fiber optic ...

Single-mode single-fiber optical module 100Mbps
