Fibre Optic Patch Cords ensure fast data transmission with minimal signal loss. Perfect for connecting devices with reliable, low-loss connections.

We supply single-mode and multimode patch cords with a variety of connector options including SC, LC, FC, ST, and MPO. All patch cords are tested for insertion and return loss to ensure signal reliability.

Usually single mode fiber optic patch cords are manufactured with 9/125 fiber glass and have a yellow jacket, multi mode fiber optic patch cords are manufactured with 50/125 or 62.5/125 fiber glass

Select options This product has multiple variants. The options may be chosen on the product page Duplex, Fiber Patch Cables, Single Mode Patch Cables, UPC Single Mode Patch Cable
