

Specifications and Models of Integrated Fiber Optic Cables

Since 1986, Proterial Cable America has been developing technologically advanced copper and fiber optic communication cables. Our dedication to engineering perfection is evident in the consistent ...

Our team of professionals have a long market experience to support com-pa-nies to identify the best option of fiber optic cabling for your company and / or project, through an analysis of technical ...

An all inclusive list of the various optical fiber specification sheets.

Optical Fiber Core could be applied as G.652.D, G.655, G.657.A1, G.657.A2, OM1, OM2, OM3, OM4 according to needs. Maximum Tensile Strength could be changed according to technical demand. ...

Armoured and Flame retardant optical fibre cable, AICI - code F104 NEK TS 606:2016 (available also in MUD protected version).

OPGW Stainless Steel Tube Fiber Cable combines high mechanical and electrical capabilities, strong protection to the optical fibers and excellent lightning resistance. The cable is composed of color ...

In ISO/IEC 11801:2002 and EN50173:2002, four types of optical fibre are specified to support various classes of applications, three multimode optical fiber types (OM1, OM2, and OM3) and one single ...

The following icons are used throughout this catalogue to represent the fibre optic cable specification, features and value added services that FibreFab can offer:

For each product design, items for OM1, OM3, OM4, OM5, and OS2 (Singlemode) items have been developed. Belden fiber products are third-party tested by either ETL or UL and approved for use ...

This Specification covers the design requirements and performance standard for the supply of optical fibre cable in the industry. YOFC ensures a stable quality control system for our cable products ...
