

# Sudan 830nm Laser Diode Module

Our broad range of 830 nm lasers are used for Scientific Applications involving Spectral Analysis, Biology Research and PIV, Fluorescence Excitation. 830nm IR laser diodes and IR laser modules ...

Laser Module for Fabric and Cloth Industry. Medical Use. Cosmetics.

All Brands on One Site, Compare 830nm Laser Diode Specifications and Pricing, Unbiased SELECTION GUIDE, Research All of Your Choices and Select the Best

The primary cause of diode failure is unexpected electrostatic discharge. To help prevent device failures, the user should always wear an ESD wrist strap, ground all applicable work surfaces and follow anti ...

Wavespectrum offer 830nm laser diode,1W,2.5W,3W output,TO5,C-mount package LD,FAC optional.

High brightness, quality, and reliability are the foundation of our single-mode laser diode product family. Our 830nm single-mode laser diodes are capable of delivering output power up to 300mW.

Turn-key integrated laser diode module for 2 to 20 W multimode 830nm laser diodes. All module are offered with a high power SMA connector (possibility for FC/PC on demand)

Pigtailed Laser Diode Modules are available with VIS and NIR wavelengths ranging from 405 to 1550nm, with output powers ranging from 1 to 100mW. Their plug and play operation make these laser diodes ...

These reliable, efficient, and compact diodes come in TO-Can packages, making them perfect for OEM integration. Additionally, they operate with TE mode oscillation and are RoHS compliant, ensuring ...

The diode laser modules that output red, green and blue laser beam, as well as full-colour white-light laser beam (RGB laser diode modules), are used mainly in laser display projectors.
