

Wholesale of fusion spliced optical cables and fiber optic wires

Contract manufacturer of fiber sensing and optical signal shaping equipment. Capabilities include fusion splicing, optical connection, fiber and cable processing and device assembly.

Specialized Products offers fusion splicers, fiber splice sleeves and fiber cable splicing accessories required for all your fiber optic splicing needs.

Fiber Optic Fusion Splicing is a common method of splicing two fibers together. We carry products for fusion and mechanical splicing.

Find out why we are an industry leader in fiber optics below.

Stocking distributor of fiber optic installation tools, bulk fiber cables, fiber patch cables, test equipment, cable management, fiber optic training and more.

At FiberOptic Resale Corp we have a broad range of expertise on the most popular equipment saving you time, money and the inconvenience of sending your fusion splicers & cleavers to multiple OEMs. ...

We offer fiber optic materials from Test Equipment, Bulk Cable and Fusion Splicers to Tools, Patch Cables and Consumables.

Our core alignment fusion splice kits provide accurate and precise fusing of optical fiber and offer all essentials to get the job done.

Splicing fiber optic cable is fairly simple procedure. Prepared fiber ends are placed in the splicer and automatically aligned and then fused together. This method ensures greater reliability with less light ...
